Forecast For Wales
Issued by Met Office Exeter
at 0400 on Friday 12 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and windy start, turning snowy and icy into weekend.

Today:
A cloudy start to the day, but soon breaking up in the afternoon to allow for some sunny spells. Best of the sunshine in the north and central parts of the country. Staying dry but very cold with strong winds. Maximum temperature 3 deg C (37 deg F).

Tonight:
Remaining dry this evening with plenty of clear skies. Cloud will thicken from the west overnight with strong winds and a risk of coastal gales. Another cold night. Minimum temperature -4 deg C (25 deg F).

Saturday:
A cloudy day with outbreaks of rain, sleet, and snow during the afternoon. A risk of turning to freezing rain and icy stretches possible. Staying very windy and cold. Maximum temperature 4 deg C (39 deg F).

Outlook for Sunday to Tuesday:
Cloudy on Sunday with rain, heavy at times from the west. Staying cloudy on Monday with some rain and lighter winds. Fog patches on Tuesday, largely dry. Turning milder.
